

2 YEAR CONTRACT

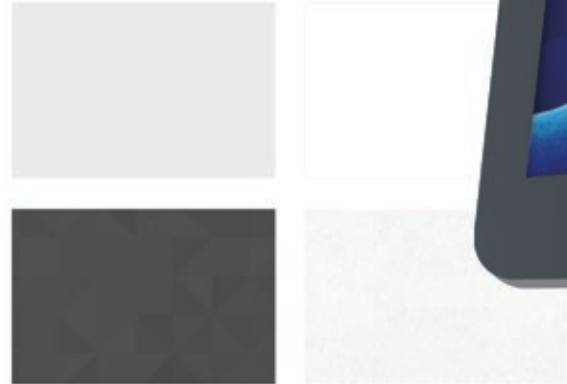

I took great pride in the evolution of the Protect Your Bubble brand. Their identity matured with my guidance and team work. This role gave me valuable experience, honing my design and coding skills, expanding my knowledge with online marketing.

**Protect your
bubble.com**
by Assurant®

WEBSITE

In my time at Protect Your Bubble, I worked on three iterations of their website for desktop, tablet and mobile platforms.

Provided optimized layouts and assets. Supported various teams by providing technical feedback, CSS and debugging the front end.

More

WELCOME

Sanda Technologies.
Strategy and Technology Enabling Business

Through the successful implementation and support of SharePoint Technologies in support of the organisations strategic goals.

SharePoint is a specialist technology that requires a specialist consultancy such as Sanda Technologies, with years of experience in SharePoint, working globally and locally. Offering a broad spectrum of products and services ranging from hours to years; Business or Technical. Design, Develop or Support, all specifically targeted to ensure you achieve your SharePoint goals.

Our vision is to be the premier global SharePoint consultancy by providing our clients with the best SharePoint solutions, utilising only the most talented and experienced SharePoint resources, and by partnering with the best-of-breed SharePoint Products.

Looking to start your project off on the right foot?
➤ Call us for Project Initiation Services.

A common problem in technology projects is getting that last 5% complete.
➤ Call us for Project Completion and Closing Services.

Project completely off course?
➤ Call for our Project Rescue Services where we'll send in a team of people to assist in getting your project back on track.
